DELIVERY OF TOOLS TO M.S.A.S. CARGO INTERNATIONAL
UNIT 9 LONDON TRADING ESTATE
BICKENHILL LANE MARSTON GREEN
BIRMINGHAM B37. 7TH.

Dear Mr. Taylor

It has been agreed with MR. DALE CRANSTONBURY that tool kits can be delivered personally if this system is more convenient than being processed through Area Offices.

However it is important that all kits must be received by MONDAY 25 JANUARY, in order that the complete shipping bills can be compiled prior to despatch as a team package.

Tool kits being delivered personally need not be addressed to the UNIT 9 base.

Transportation return labels must not be attached to the boxes for the outward journey.

The two spare sets of keys and the list of tools for Skill UK reference can also be delivered with the tools.

Employers who use the facility of M.S.A.S. Area Offices for Transportation to Birmingham can also deliver the spare keys and Tool Lists packed in a separate envelope and labelled with the following information;
