Dear Sir,

In the I.V.T.O booklet I have, it gives some instructions, e.g., "Competitors must be enrolled six months before the start of a competition" but does not state with whom one enrolls competitors.

To answer further questions, should I address them to you, or should I be corresponding with Takeo Ishi or Yoshikazu Furuya, in Japan?

We are seriously contemplating entering contestants in three areas in Electronics, Cooking and Waiting, and would like as much information as possible about the next competition in Japan, and about the competitions in general. Any information would be appreciated.

Yours sincerely,

George Henderson,
Secretary
