DSO/rg

To the chairman and delegates,
administrative and technical committees.

CH-8053 Zürich, 23th January, 1984

Dear friends,

We have pleasure in advising that the meetings of our committees and the member assembly are scheduled for 23rd to 29th September, 1984, in Switzerland, most probably in the capital city of Bern.

The technical delegates will start proceedings on 24th September, whilst the administrative committee begins work on the 26th. This staggered procedure will allow the technical committee to handle all its outstanding affairs in peace.

The meetings coincide with the proposed demonstration organised by the "International Metall-Union" in the trades agricultural mechanics and metalwork. Preparations are well under way and the demonstration will be held in the vicinity of Bern.

The actual invitations will reach you in June of this year.

The general secretariat is off to a good start. In order to rationalise contact procedures, please let us have your telex number or failing this, a contact for urgent cases should a private telephone not be available. Our telex number is mentioned at the bottom of our letterhead. As the international prefix or code differs from country to country, please check this before calling us. Thank you !

We wish you all the best for 1984, health and happiness in your personal sphere and success in all your ventures. We don't quite know what tomorrow is made of, world economy faces many problems which need to be solved. Let's hope there are lots of people - as is the case in our organisation - who are willing to make the effort to promote better understanding. May we all succeed in making a small but worthwhile contribution towards a more secure future.

Many thanks for your support and understanding and also for the confidence and kindness extended to me in Linz.

With kind regards,

yours sincerely,

Daniel Sommer
secretary-general
