Dear Archie,

I just write a short note of thanks to you for the work you did in Taiwan. It was good to be part of a wonderful team that worked hard and worked well together, producing the goods at the end of the day.

Life has been quite busy since I've been home, I've been to one or two conversions and dinners as a guest and caught a glimpse of how the other half live.

Life will change slightly for me soon as I start Bible college on 2nd Oct.

I'm doing a two - three year diploma course,
and after that im not ~~sure~~ sure. I would
like to be present at Bircham Newton if its
possible.

Thanks once again and all the best in
future competitions.

yours Richhully
