Dear Herr Sommer,

Greetings from Ireland. I hope to re-organise the Industrial Electronics Section of our National Apprentice Competition and have been unable to find any past International Electronic papers in the Department of Education here.

I would therefore be most grateful if you would contact the Swiss expert in this trade and ask him to copy some full sets of papers for me. I regret to say that I spoke to the electronic experts in Linz about 1983 paper but forgot to collect it before leaving for home.

Kindly give this matter your immediate attention as a meeting has been called for the end of February.

Best wishes for a happy and prosperous New Year both in your family life and as General Secretary of I.V.T.C.

Thanking you in anticipation,

Yours sincerely,

G. Corcoran
