Dear Mr. Agrawal,

Referring to the short discussion we had last October, about the International Vocational Training Competitions, I herewith send you some information about the subject. Unfortunately it took some more time than I expected to track down a booklet in English.

Though the text is not very recent, it still roughly applies to the present situation; anyway it is suitable to give a first impression. As I heard, a more up-to-date text will be available later this year.

In addition to Chapter 4 I can inform you that the next competitions were/will be held in 1981 (United States, Atlanta), 1983 (Austria, Linz), October 1985 (Japan, Osaka), January 1988 (Australia) and 1989 (Great Britain).

Not all the persons listed in Chapter 9 are still in function. The present Secretary General is mr. Daniel Sommer, P.O.Box 360, 8054 Zürich, Switzerland. He is certainly willing to give you more information, if wanted.

Hoping to meet you in Rome,  
yours sincerely,

J. Berends
