WELCOME ADDRESSES

Welcome to WorldSkills Lyon 2024.

In the coming days, 1,4000 young people from across the globe will show how skills change lives and shape our future. As members of the international press, your role is vital in sharing these stories and inspiring the next generation of skilled professionals.

From 10 to 15 September, Lyon becomes the epicentre of skills excellence. Our young Champions from 69 countries and regions will step onto the world stage and demonstrate their talent in 62 skills, embodying the high standards of expertise our world urgently needs. All societies are facing an increasing number of global challenges and witnessing rapid technological change. Increasingly, we are turning to these young people to develop new solutions and help transform our industries.

For over seven decades, WorldSkills has championed skills excellence. Our global skills movement, with now over 85 Members, continues to grow. We know that Technical and Vocational Education and Training (TVET) holds the key to sustainable human development and builds strong societies. Yet it often remains underappreciated. We need to show how vital skills are to improving our communities, industries, and economies.

WorldSkills Lyon 2024 is a moment for change.

Together, we can move TVET to the top of the global agenda. Help us tell the world about these exceptional young people. Share their stories and the story of WorldSkills Lyon 2024 and help us show policymakers, industry leaders, and educators why we all need to invest in skills. Because where there is a skill, there is a way forward for us all.

Thank you for your support.

It is with great pleasure and emotion that France will soon be welcoming the world for WorldSkills Lyon 2024.

For the first time since the global health crisis of 2020, we will all be able to get together to celebrate skills, their strength, and their influence. Our country is honoured to host a WorldSkills Competition for the second time in Lyon, a city whose dynamism no longer needs to be proven.

Supported by France's highest authorities, the WorldSkills Lyon 2024 Competition Organizers ambition is to highlight not only the Competitors and their exceptional talents, but also the entire WorldSkills community. This is the task we have been working towards for nearly five years.

But the true mission of our Competition, the true measure of its success, lies in promoting vocational training as a major springboard for social progress and economic growth throughout the world. It is the exceptional talents of the 1,400 young Competitors, men and women alike, who will illustrate the essential role played by skilled professionals in social and economic progress on a global scale.

The excitement surrounding this event is palpable, growing every day as it approaches, and WorldSkills Lyon 2024 promises to be a wonderful celebration of youth, their talent, and what vocational training and skills can do for them.

We look forward to getting together with all of you, and discovering with you the sources of inspiration and connections that will undoubtedly emerge from this global gathering!

Max Roche,

President – WorldSkills Lyon 2024

Welcome to WorldSkills Lyon 2024!

It will be the second time in its history that France hosts the WorldSkills Competition, almost 30 years after the 1995 event, which was also held in Lyon. It is a great honour for me and for the whole Competition Organizer to prepare and deliver what will surely be a Competition to remember.

Support for vocational training and for global youth is essential to sustainable development within societies all over the world. Along with the WorldSkills movement as a whole, WorldSkills Lyon 2024 is delighted to put the spotlight on the talented youth, who showcase their skills during WorldSkills Competitions, but also continuously in their daily lives.

Young people's dedication and passion drive innovation and excellence in their respective skills, shaping the future global talent. These young professionals represent the finest in professional achievements and excellence, and they set standards for others to follow. The 47th WorldSkills Competition will be a celebration of these achievements, but also of the endless possibilities vocational training carries.

We look forward to welcoming all of you in Lyon, for an inspiring and unforgettable event that highlights the power of skills to transform lives and communities!

Franck Le Roux,

Executive Director – WorldSkills Lyon 2024

Our world is powered by skills and the future of our world lies in the hands of skilled young people. Nowhere can this be felt more deeply than at WorldSkills Lyon 2024. So get ready for a thrilling experience as you see the incredible dedication, and passion of these Champions.

Each one has been training for this moment for many years. It is their moment to shine, to stand shoulder to shoulder with the best-of-the-best, and to show the world what they can do. We know this because we have been there too. We have all taken part in a WorldSkills Competition and remember how exhilarating, nerve-wracking, and inspiring it feels.

We also know the opportunities that lie beyond this incredible event.

WorldSkills is an unstoppable movement. It empowers young people to develop their skill and then use it to transform their lives and the industries in which they work. We are all proud to say that we are using our skill to have impact in our countries and across the world.

So as you join us at WorldSkills Lyon 2024, share the stories of these phenomenal young people and what they will go on to achieve in the future. Because they are the workforce of tomorrow. They are the people who will be improving our communities and growing our economies.

Through your words and images, we can show the incredible passion, dedication, and talent of these young people and how their skills will help us build a fairer, more sustainable world.

Thank you and enjoy!

The WorldSkills Champions Trust

WELCOME TO FRANCE

The French Republic is a democratic and cosmopolitan country, the third largest in Europe. It welcomes tens of millions of visitors yearly and has repeatedly taken the title of most visited country worldwide. The variety of cultures, landscapes, and traditions across its regions create rich and unique diversity. The country prides itself on its gastronomy, art, culture, fashion, and haute-couture, and lives by the French «art-de-vivre», renowned worldwide for its sophistication and tradition.

France has 49 sites on the UNESCO World Heritage List and 26 elements on the Intangible Heritage list, such as the distinguished gastronomic meal of the French, an established social practice where French people celebrate moments around a festive meal.

From rural and mountainous areas to sunny coastlines, and from forests to big cities, the country is home to many landscapes and has something for everyone.

Nicknamed the Hexagon in reference to its shape, France has a vibrant and extraordinary history and is the country of Kylian Mbappé, Victor Hugo, Charlotte Gainsbourg, Omar Sy, Edith Piaf, Charles de Gaulle, Thomas Pesquet, Marie Curie, and many others. The country values history and culture and has a network of around 1,220 museums, with 61 museums dedicated to holding, preserving, and promoting national collections of art, culture, science, and technology.

LYON

The city of Lyon is honoured to host the 47th WorldSkills Competition, almost 30 years after hosting the first WorldSkills Competition held in France, in October 1995.

Located in the centre-east of France at the confluence of the Rhône and Saône rivers, Lyon is home to more than half a million people. The dynamic city regularly hosts international events and overflows with a cultural and historical richness that attracts millions of tourists every year.

Lyon was awarded 19th place in Time Out magazine's list of the 53 best cities in the world and has consistently been ranked as one of the country's best cities for students, with several campuses and an established community of international students. The city has all it takes to make the 47th WorldSkills Competition a unique and memorable event.

In addition to being the birthplace of cinematography and one of the world's best capitals of gastronomy, Lyon is home to architectural and historical masterpieces, and the historic city centre has been a UNESCO World Heritage site since 1998.

The city of Lyon is a unique mix of cultural and architectural heritage, with a vibrant economic scene, iconic sites, and high-standard venues.

It is easily accessible, with numerous direct flights to and from the Lyon Saint Exupéry International Airport, as well as three main train stations.

WORLDSKILLS LYON 2024

The 47th WorldSkills Competition will take place in Lyon, France, from 10 to 15 September 2024, bringing together 1,400 Competitors from 70 countries and regions to compete in 62 skills.

The event will be a unique opportunity to promote skills, encourage the development of young people within vocational training, and create future generations of skilled talent who will be essential in meeting tomorrow's challenges.

WorldSkills Lyon 2024 will welcome 250,000 visitors, including students, international delegations, families, professionals in search of future employees, young people interested in vocational training, people looking to retrain, and many others.

Launched in October 2021, the WorldSkills Lyon 2024 Competition Organizer is the ephemeral entity created and designated to deliver the WorldSkills Competition in 2024, with WorldSkills International defining the criteria for organization, quality, and governing the Competition.

The WorldSkills Lyon 2024 Competition Organizer also works in coordination with WorldSkills France, which carries and represents the WorldSkills movement in France, and is responsible for organizing the WorldSkills France National Finals, as well as selecting and preparing the National Team.

Our goal is to build a real-life platform for the promotion of skill competitions and vocational education and training by:

- Inspiring pride in young people to practice a skill with excellence.
- Creating an innovative visitor experience to lead young people to Technical and Vocational Education and Training (TVET) careers.
- Prioritizing sustainability, social, and environmental responsibilities to reduce our footprint and promoting diversity and inclusion.

WorldSkills Lyon 2024 will carry our core values onto the international stage which are:

EXCELLENCE

As a driver for success through personal development.

GENEROSITY

We want to make WorldSkills Lyon 2024 an experience of sharing and conviviality, bringing together Competitors, organizers, visitors, and all those building stronger TVET systems.

OPENNESS

As a source of inspiration to make WorldSkills Lyon 2024 a symbol of diversity and inclusion for all.

UNITY

As a tool to rally supporters and Competitors from all over the world around the same ambition: to promote the power of skills.

The WorldSkills Lyon 2024 Competition Organizer is committed to raising the profile of TVET, strengthening the skills of young people at an international level, and improving global standards of skills and excellence.

WorldSkills Lyon 2024 will be the second international WorldSkills Competition organized in France. The first one was organized in 1995, and also took place in Lyon. In 1953, France participated for the first time in a WorldSkills Competition in Madrid, Spain.

WORLDSKILLS FRANCE

WorldSkills France is a non-profit organization founded in the aftermath of the Second World War, with the aim of promoting skills for all through competitions that showcase the passion and savoir faire of young people.

WorldSkills France coordinates the regional selection process and organizes the national competition which results in the formation of the French National Team.

This team is made up of the best young people in over sixty skills. Members of the French Skills Team take part in international competitions: EuroSkills on a European scale and the WorldSkills Competition on a global scale.

WorldSkills France is also in charge of the physical and mental preparation of each young French Competitor, who benefits from a unique ecosystem enabling them to reach their best level. They can count on an Expert to advise and support them throughout their career, they can train in a Centre of Excellence, and they can also count on the investment of their training centre and often their employer.

ABOUT WORLDSKILLS

WorldSkills is a movement that is changing the lives of young people through skills. Skills boost self-confidence and unleash the potential of young people across the globe. They open doors and forge links within communities. They are the foundation of economic development and the fundamental pillars of our society.

The mission of WorldSkills is to highlight and value skilled people, and to show the importance of skills in achieving economic growth and personal success. WorldSkills has over 85 Member countries and regions, that all share the same goal: to create measurable impact at every level, by helping young people who want to change their lives, as well as the destiny of their community and society.

WorldSkills Competitions gather and celebrate Champions. They measure excellence and encourage hundreds of thousands of young people to turn their passion into a profession. The Competitions also offer participants the opportunity to connect with other young professionals from around the world, exchange knowledge and experience, and develop skills through healthy competition.

ABOUT GL EVENTS

The Group is a world-class provider of integrated solutions and services for events operating across the three main market segments: conventions, conferences, congresses; cultural, sports and political events; trade shows / B2B and B2C exhibitions and consumer fairs. GL events' activities are organised into three major business divisions. GL events Live provides a complete range of services for corporate, institutional and sports events, and offers turnkey solutions from consulting and design to staging the event itself.

GL events Exhibitions manages and coordinates the Group's portfolio of more than 200 proprietary trade fairs covering a wide range of sectors: food industry, culture, textiles, manufacturing... GL events Venues manages a network of 57 venues (convention and exhibition centres, concert halls and multi-purpose facilities) in France and international destinations. Present on five continents with operations in more than 20 countries, GL events has 5,650 employees. GL events is listed on Euronext Paris, Compartment B (mid-caps).

MEDIA ARRIVAL ON COMPETITION SITE

Media will either arrive at the main entrance via the public transport or via dedicated shuttle.

Free dedicated Media Parking will be also available (P11). To park there, collect the parking ticket on entry. Before departing, present to the Media Welcome Desk to validate parking to ensure you are not charged.

MEDIA CENTRE, EUREXPO

The Media Centre is located in DeWalt Hall 2 at Eurexpo Lyon for accredited Media. Its ideal location will provide the Media with a quiet place to work while being at the heart of the Competition with a view of the nearby skill workshops.

WorldSkills Conference 2024

Moving TVET to the top of the global agenda

WorldSkills Conference 2024 will take place on 11 and 12 September, alongside WorldSkills Lyon 2024. Building on the energy of the 47th WorldSkills Competition, the WorldSkills Conference inspires excellence, innovation, and connection under the theme “Moving TVET to the top of the global agenda”. Despite ample evidence of the benefits of high-quality Technical and Vocational Education and Training (TVET) programmes to fuel economies and equip both young people and adults for the major shifts in the labour market, TVET continues to lack traction in the global agenda for sustainable development. With the United Nations Summit of the Future taking place within days from WorldSkills Lyon 2024, we will influence the Post-2030 agenda to finally recognize TVET as critical for sustainable development.

WorldSkills Conference 2024 will bring together governments, policymakers, industry, education providers, and young professionals, providing a unique platform for exchange and action. The Conference offers a wide range of cross-cutting areas affecting youth and the world of work. Sessions will explore excellence in TVET, social justice, migration, the gender gap, the transition to green economies, AI, digitalization, amongst many other topics.

Over two days, the global skills community will gather, offering policymakers the opportunity to speak up for skills and connect with the world’s most influential figures in the sector.

ONE SCHOOL ONE COUNTRY

One School One Country (OSOC) is a programme encouraging cultural exchange between international Competitors and students in the host city, Lyon, while promoting skilled careers represented at the Competition. Launched in 2007 by WorldSkills Shizuoka 2007, the programme is an opportunity for local students and teachers of the host city to learn about different cultures, skills and options in TVET. On 10 September 2024, more than 5,000 students from 52 schools across Lyon and the surrounding areas will participate and welcome 1,400 visiting Competitors to their school.

On arriving at the school, the OSOC day typically begins with a warm welcome from students and educators, a short presentation of the school and introduction by the delegation, and includes various games and activities highlighting the local culture and that of the delegation. The visit wraps up with an informal exchange where students can ask Competitors different questions about their skills and Competitor journey, and a group photo.

Competitors will participate in cultural activities and interact with local youth, while students will learn about their attributed delegation's culture and meet young, skilled professionals in a variety of careers. Offering a moment of appreciation and recognition, One School One Country provides Competitors with great inspiration before the Competition begins. Following the OSOC day, from 11 to 13 September 2024, schools participating in the One School One Country programme will visit the Competition to see Competitors in action.

Please refer to your package to confirm if OSOC is included. Should you have any questions or special requests, please contact the OSOC team at osoc@worldskillslyon2024.com

TRY-A-SKILL

As part of WorldSkills Lyon 2024, a number of activities will be offered to visitors within special Try-a-Skill zones. With a strong ambition to welcome nearly 250,000 visitors over 4 days, including 75,000 students (joint objectives with the Ministry of National Education), WorldSkills Lyon 2024 aims to develop a true Visitor Experience for all audiences during the four days of the Competition. Essential for the success of the Competition, the Try-a-Skill areas are an integral part of the experience for the visiting public, which WorldSkills Lyon 2024 plans to make positive, interactive, and educational.

This Visitor Experience aims to reflect the purpose of the Competition, namely: a live platform for the promotion and discovery of professions stemming from vocational training pathways.

The Try-a-Skill space is aimed at visitors, who will have the opportunity to try out the skill or a part of the represented skill and is located adjacent to the skill competition area. The objective of WorldSkills Lyon 2024 is to offer the public Try-a-Skills amongst the skill competitions. The Try-a-Skill area will be hosted in collaboration with WorldSkills Lyon 2024 stakeholders. The purpose of these activities is to showcase the skills in the Competition to the public, help them understand, and allow them to try through a simple, playful, educational, and open-to-all activity.

Learn more about Try a Skills on WorldSkills Lyon 2024 website :

<https://worldskills2024.com/en/try-a-skill/>

VISITOR EXPERIENCE ZONES

WorldSkills Lyon 2024 Visitor Experience aims to offer the best comprehension possible of the Competition and the skills practices in real-life. The visitor experience will also open the doors of the Competition to those who can't physically attend the event through a strong digital content strategy.

Several areas of the Competition Venue will be dedicated to the visitor experience:

- Animation zones will enable all visitors to find out more about the trades in competition.
- A relaxation area will give visitors the chance to take a break during their visit.
- Two exhibitions will also be held at the heart of Eurexpo to present the Sport & Skills programme and the Volunteers programme.
- A speaker's corner will offer all visitors the opportunity to talk to experts on the various skills involved in the Competition.

VOLUNTEER PROGRAMME

The WorldSkills Lyon 2024 Volunteer Programme is an exceptional opportunity to play an active part in a major global event. With 1,500 volunteers, 56 missions and 17 mission families, the Volunteer Experience promises to be a rewarding and unforgettable one.

Volunteers can choose from the following mission families: Accreditations, Communications, Competition, Education and Career Awareness, Events, Logistics, Media Relations, Populations Service, Partners and Sponsors, Sustainable Development, Catering, Language Services, Transportation and Mobility, Competitor Experience, and Volunteers Programme.

Being a Volunteer for WorldSkills Lyon 2024 is more than just a mission, it's the embodiment of our core values of Excellence, Generosity, Openness, and Unity. It's a unique opportunity to take part in an international event, develop skills and grow as part of a team with a wide range of experience.

The WorldSkills Lyon 2024 Volunteer Programme is open to all, adopting a unique approach by welcoming minors from the age of 12. This inclusive approach affirms our commitment to the development of all talents, regardless of age. Minors will be accompanied according to our defined procedures.

SAFETY

IS OUR TOP PRIORITY !

In France, over 500,000 workplace accidents occur every year, mainly in the construction sector. With its network of 1,000 sales outlets, POINT.P makes craftsmen aware of the importance of wearing safety equipment. So don't be left behind, put on your safety shoes !

As a Gold Sponsor of the Painting and Decorating skill category, PPG will provide products, including SEIGNEURIE Evolutex Bas Carbone paint, which includes bio-based raw materials.

En tant que Gold Sponsor pour la catégorie de métier Peinture et Décoration, PPG fournira des produits, notamment la peinture SEIGNEURIE Evolutex Bas Carbone, à base de résine biosourcée.

ACCOMMODATION

WSL2024 has a large number of official hotels in the city of Lyon and its suburbs to accommodate accredited guests during WSC2024.

Media Pool A will be accommodated at the Crowne Plaza Lyon Cité Internationale Hôtel and Domestic and International Media at the Mercure Lyon Centre Plaza Republique and Grand Hôtel des Terreaux. Member Media and Communication Officers will be accommodated in the same hotel with their delegation. Global Partner and Event Sponsor Media will be accommodated in the same hotel with their company.

Rooms availability:

Rooms are available **from 16:00** on the day of arrival, regardless of the time of arrival and the means of transportation used and must be vacated **by 11:00** on the day of departure, regardless of the time of arrival and the means of transportation used.

Early check-in and late check-out may incur additional costs that the participant must pay on site.

Food and beverage in your accommodation

Breakfast is included in all packages, and is served at the hotels.

The breakfast times will be communicated to you by reception on check-in.

Except for Media Pool A, WSL2024 does not provide other meals in your accommodation.

Extras and/or room damage

Your hotel will require a credit card imprint or a deposit at check-in. Your package includes accommodation, tourist tax, and breakfast. However, additional costs may arise during your stay, and the hotel requires assurances for any extra charges, such as cleaning, damages, or room services.

To facilitate this, the receptionist will request a **credit card** imprint or a **deposit** per group/delegation (or individually for the Hotel Carlton Lyon only) during the check-in process. We recommend identifying one person in your group to take responsibility for this and informing your hotel of their name in advance.

Please ensure the credit card is accepted in Europe and by the hotel. If you are unable to provide a credit card imprint, it is essential that you contact the hotel in advance to discuss possible alternatives, such as a cheque, cash deposit, or bank transfer.

Accompanying persons

If someone comes with you during your stay, they must directly check in at the hotel and WorldSkills Lyon 2024 will not be held responsible for any costs incurred by them.

TRANSPORTATION

WorldSkills Lyon 2024 has developed a transportation system for all participants who have purchased a package. This system takes into account the location of the hotels. Depending on your package, different services will be provided.

Definitions of different services

- **Dedicated bus:** Bus allocated for transfer between hotel (by cluster) and official sites at scheduled times
- **Group buses:** Sharing a bus among multiple hotels and on multiple rotations (shuttles) to official sites (Eurexpo, OL Vallée, Airport, and train station).
- **Hybrid system:** Combination of public transportation and WSL2024 shuttles between designated hubs and official sites (Eurexpo, OL Vallée), except for the closing ceremony and arrivals/departures.
- **Public transportation:** Use of public transportation for all journeys, except for the closing ceremony and arrivals/departures.

The different levels of services

Service levels are determined based on hotel locations, function, arrival times on site, and schedules and traffic flow. As a reminder, the transport service is only available to participants who have purchased packages.

Daily transfers

A precise transportation plan allows each participant to reach **the Competition Venue at Eurexpo** every day.

Population	Hotel	Transportation Service
Media Pool A	Crowne Plaza Lyon Cité Internationale	Group Bus. In addition to the Media Guide, more information will be available at the information desk in the Media Centre or Transportation desk.

DOS AND DON'TS

DOs:

In the Competition venue / regarding the Competition:

- Behave respectfully towards others / Support and encourage the different teams.
- Respect public order and accept rules of conduct.
- Inform the Competition Organizer representatives of the Competition venue or law enforcement of any suspicious object, smoke or fire.

In the City Centre:

- Always carry identification papers on you: you can be subject to an identify check anytime in the city, so be ready to have it on you when asked.
- Offer a seat in public transport: Make sure to offer your seat to a person with disabilities, pregnant women, or an elderly person.
- "Vouvoiement": when you speak to someone you don't know and talk in French, you have to use "vous" instead of "tu". It is a form of politeness.

DON'Ts:

In the Competition Venue / regarding the Competition:

- ◆ Display any signs or symbols that aim at inciting racial or religious strife.
- ◆ Throw any object or liquid of any kind in the direction of participants, visitors, law enforcement and staff.
- ◆ Attend the venue under the influence of alcohol, drugs, or toxic substances.

In the City Centre:

- ◆ Put your money in your back pocket: Lyon is a big city where there can be pickpockets. In public transportation, be careful with your belongings. In the streets, be careful where you put your money. Back pockets are easy to reach, please make sure to put it somewhere safer and less reachable.
- ◆ Throw your cigarette on the ground: according to the law, this action attracts a fine of €350. The city is provided with street garbage cans with ashtrays.
- ◆ Urinate in the street: this action is punishable by the law with a €400 fine. You can find public toilets in the city.
- ◆ Walk down the street while being drunk: this action is dangerous for both you and other people. You can be caught by the police and taken to the police station, where you will be put in a cell to sober up. To avoid this situation, drink with moderation and call a cab to take you back to your hotel.

HEALTH, SAFETY, AND ENVIRONMENT

To ensure safe and comfortable conditions for all accredited individuals, it is recommended to:

Follow safety signs and instructions throughout the visit to the competition venue;

- ◆ Be attentive to vehicles when exiting buildings;
- ◆ Exercise caution when moving through passages, on stairs, escalators, and uneven surfaces;
- ◆ Immediately inform representatives of WorldSkills Lyon 2024 or security services if you discover any danger or violation that could cause injury or an emergency situation.

Smoking is only permitted in designated areas outside the competition venue.

IN CASE OF AN EMERGENCY

En cas d'urgence, vous devez suivre les instructions du Chef d'Atelier (de votre métier) ou de l'agent de sécurité. Si vous entendez l'alarme d'évacuation, veuillez à :

Rester calme, ne pas paniquer;

Quitter la zone en empruntant les voies d'évacuation les plus proches et les plus sûres, en utilisant les portes non verrouillées, en suivant les panneaux d'évacuation portant des flèches vertes et le mot EXIT, et en veillant à ne pas gêner les autres;

- ◆ Do not enter the traffic area, do not obstruct access to special equipment, and only move on the sidewalk;
- ◆ Proceed to the assembly point and stay with your group until the security officer informs you that there is no danger and you may return or leave the premises;
- ◆ Do not re-enter the hazardous area for any reason;
- ◆ Assist those who are weak or injured.

In each workshop area: In case of minor injuries, first aid kits are available and COVID-19 prevention kits are also provided.

For general public: In the event of illness or injury, paramedics will be present in all halls of Eurexpo Lyon. A medical team is available in the venue infirmary.

MANDATORY SIGNS

1. Personal Protective Equipment

At Eurexpo Lyon, specific Personal Protective Equipment will be required to enter each workshop. Workshops with hazardous and harmful production factors will be equipped with signs indicating the necessary Personal Protective Equipment.

2. Sustainability

PUBLIC TRANSPORT

To avoid carbon emissions, please prioritize taking public transport, cycling, or walking. Lyon city has an extended public transport network.

Subway, buses and tramway

Lyon's public transport network is run by TCL. There are 4 metro lines, 6 tram lines, 2 funiculars, and lots of buses. A single ticket cost €2.00 and can be used for any mode of public transport for one hour. Tickets can be purchased from TCL machine's, located at all metro stations or tram stations. You can also purchase a ticket in buses (€2.30). The TCL service offers you the possibility of using your contactless credit card as a ticket.

Lyon by bike.

To borrow a bike quickly and cheaply, you can order the bikes "Velo'v". They are easily identifiable in orange and deployed throughout the city and many cycle paths are available in Lyon.

Velo'v is a self-service bicycle system. Bikes can be rented at any of the 428 stations in the city and are easily recognizable by their red colour. A single ride ticket costs €1.80, with the first 30 min free. You can also purchase a Velo'v day pass at €4.00 that allows you to take any Velo'v bicycles for 24 hours.

Please note that Over 12 years of age, it is not compulsory to wear a helmet when cycling, but it is strongly recommended.

If you drive at night, make sure you have a high-visibility vest and functional lighting.
