We are bidding to host the 2028 WorldSkills Competition

Purpose and Significance of Hosting

Our aim in bidding for and hosting the competition is to enable Aichi in Japan to issue an enthusiastic reminder to the entire world about the importance of training skilled human resources and investing in young people, women, and people with disabilities in particular. Another aim is to help make the competition itself more sustainable by accelerating investment in people to encourage economic and industrial development.

Our proposed host location is Aichi

Why Aichi in Japan?

Japan's development as a country has been thanks to the power of skills. Within Japan, Aichi serves as an international hub for industries including automotive and aerospace. The area is the country's skills heartland and boasts a wealth of experience in hosting Japan's National Skills Competitions. As a region, Aichi in Japan epitomizes WorldSkills' mission.

Competition Venue

A state-of-the-art exhibition venue
created on the island
where the airport is located

Aichi Sky Expo

WS Lyon 2024
Refrigeration and Air Conditioning
ENDO Naoya

Hitachi-Johnson Controls Air Conditioning, Inc
Shimizu Factory

Opened in August 2019,
Aichi Sky Expo is one of Japan's largest exhibition centers

One of the venue's attractions is its outstanding accessibility;
it is only a 5-minute walk from Chubu Centrair International Airport,
to which it is directly connected via passageways.
Having already hosted Japan's National Skills Competitions multiple times,
Aichi Sky Expo has developed outstanding event management capability
and exceptional hospitality, enabling it to deliver an environment
where competitors will come first.

Area of entire venue: 131,000 m²
Area of competition space: 90,000 m²
(including temporary zones)
