Jean Hen Sommer,

I have been given your name by Mr. Bill Norris of "Skill UK", which will be participating in the International Competition next year in Japan.

I should be most grateful if you could let me have any details you have available about this event. As you probably know, the Shell operating company in the United Kingdom, Shell U.K. Limited, has supported Mr. Norris's organisation for some years -especially in the selection of engineering apprentices to represent Britain in the international competition.

Are you likely to be in this country during the next few weeks? If so, it would be a pleasure to meet you should you have any time to spare. Otherwise I wonder if I might come to see you at a convenient time?

Yours sincerely

Frank Dugdale.
