EVENTS

The International Vocational Training Organisation (IVTO) is a non-profit making body which is open for the participation of national organisations which promote Vocational Training. Its main aim is to promote the development of new technologies and Vocational Training, through the exchange of information between those involved in training and education, by organising International Vocational Training Competitions, which take place every two years.

The IVTO currently has 34 permanent members, which demonstrates the increasing success of the organisation which was founded by Portugal and Spain in 1950, following the first International Apprenticeship Work Competition, in which both countries participated.

LISBON 2000 - Since Portugal is the only founding member country of the IVTO, the IIEP (*Instituto do Emprego e Formação Profissional - Institute for Employment and Vocational Training*) was invited to host the 50th Anniversary celebrations of this Organisation, to take place in the year 2000.

The international character of this event, and the consequent media attention associated with it, have led to the implementation of a variety of activities, within the spirit and mission of the IVTO, which will turn the city of Lisbon into the world Capital of Vocational Training in the year 2000.

The new Lisbon International Fair (FIL), in the Parque das Nações, has been chosen as the site for this event, in view of the 150,000 visitors expected and the international impact of these celebrations.

- **COMMEMORATION OF THE 50TH ANNIVERSARY OF THE IVTO:** Commemorative Ceremonial Session and General Assembly

- **NATIONAL VOCATIONAL TRAINING COMPETITION:** in order to select the Portuguese representatives for the 36th International Vocational Training Competition, which will be held in Seoul, South Korea in 2001.

- **NATIONAL SCHOOL AND VOCATIONAL GUIDANCE FAIR:** the number of visitors expected provides an excellent opportunity for this event to be a success. It will allow for all training opportunities within the country to be publicised, thus allowing young people to reflect on the choice of their future vocation.

- **WORLD SEMINAR ON VOCATIONAL TRAINING:** a time for reflection and discussion about Vocational Training, Through the organisation of debates, workshops and video conferences. The subject is

"Open and Distance Vocational Training".

- **INTERNATIONAL VOCACIONAL TRAINING VILLAGE:** an exhibition for member countries of the IVTO and guest countries where they will have the opportunity to present their respective systems of Education/ Training and innovative working/training practices, as well as their socio-economic and tourist activities.

- **GASTRONOMIC EXHIBITION:** besides revealing Portuguese cuisine, this will be participated in by countries of the CPLP (Commonwealth of Portuguese Speaking Countries) and the EU.

- **SOCIAL AND CULTURAL ENTERTAINMENT:** An interesting varied cultural entertainment programme will reveal the tourist, cultural and ethnographic aspects of our country.
