Dear Mr. Hill,

Re: International Apprentice Competition
Mr. Peter G. Johns.

On behalf of the above, we acknowledge and thank you for your letter of the 17th September which has been passed to Mr. Johns.

He would very much like a copy of the letter from H.R.H. Prince Philip, which you mentioned at the end of your letter. The writer is perfectly certain that Prince Philip would have attended if it were at all possible, as having had a great deal of experience with the Council of Industrial Design, Prince Philip's interest in encouraging the work of students and apprentices is very well known.

Yours very truly,
BLUNT & WPAY
