AND OLEG DERIPASKA VOLNOE
DELO FOUNDATION GAVE A START
TO JUNIORSKILLS PROGRAMME

JuniorSkills is a programme of basic vocational training and skills competitions among schoolchildren aged 10-17 based on WorldSkills standards. JuniorSkills competitions have been integrated into the system of WorldSkills Russia competitions. As of now, 33 regions of Russia have joined the program. There have been held dozens of regional and several national JuniorSkills competitions with thousands of juniors in teams of two or three competing in 27 skills. JuniorSkills program is supported by **the President of Russia.**

JuniorSkills is a global initiative. Junior teams from Switzerland and Belarus participated in Russian National JuniorSkills Competition 2016 in Moscow. Belarus joined JuniorSkills programme and held National JuniorSkills Competition in May 2016.
