Dear Mr. Sharkie,

Following the meeting of the British Organising Committee last Thursday, I am delighted to be able to give you a formal invitation to act as Team Leader of the British Team at the next Competition in Utrecht.

Both the Committee and I very much hope that you will be able to accept this invitation, particularly in view of the considerable contribution you made to the success of the British Team last year.

I very much hope that it will be possible for us to discuss, in the not too distant future, the detailed preparatory arrangements involved; I hope it will be sufficient at this stage for me to say that I have made arrangements for transport of both team and tools and that we are hoping that it may be possible for the annual briefing session to be held on the weekend of May 7th/8th, in London, if this appears a sensible location when we know the full details of the team. It has always been the custom for this weekend to be very much within the responsibility of the Team Leader, but please do not think that I am trying to push on you a job which you may not want.

Mr. Bullough will be at Flemington Street on Thursday, in case you wish to discuss anything with him but failing this, I hope we shall be able to meet to discuss the problems before very long.

Yours sincerely,

P.D. Crofts
