

MESSAGE FROM THE U.K. OFFICIAL REPRESENTATIVE

TRANSLATION

To: The Apprentices of Japan,

This year you have kindly offered to act as Hosts to the leading Apprentices from Europe, Korea, Formosa and New Zealand. From many parts of the World, Youth will foregather to compete against each other to gain victory over each other in particular Technical and Craft skills, You have an opportunity to compete in a fair and sportsmanlike manner and to become the leading World Apprentices in your particular trades.

Most important of all, try not only to best one another but do try to understand one another, to appreciate each other, to get to know each other in this great opportunity of friendly rivalry - for it is upon Youth that the future of the World will depend - Youth is the future, the new world is yours to inherit.

We adults have prejudices, we have the experience of World Wars, you are free of this prejudice. Lay a firm foundation of friendship for that future, appreciate and understand each other - you have an opportunity at this growing Annual International Youth event to help prepare the new world as a better place for all and an opportunity to set an example to the Youth of the World.

Fred Hill

U.K. Official Representative.
