Mr. Daniel Sommer,
Secretary General,
IVTO
Postfach 360,
CH-8053,
Zurich,
SWITZERLAND

Dear Sir,

This Foundation has been actively promoting overseas training Awards for young New Zealand craftsmen for some 20 years with the successful completion of some 130 programmes.

We have been requested by supporting organisations to investigate the possibility of promoting New Zealand participation in your International Competitions.

One of our Board members, Mr. W.F. (Bill) Reed, who will be visiting Zurich in the first week of July would like to visit your office to discuss the possibility of membership and the commitment involved. We have received good information from Work Skill Australia Foundation and note with interest the hosting there in 1988 of the competitions.

Mr. Reed will contact you from Austria where he is attending a Conference late in June to finalise the date of the visit.

Enclosed please find a brochure and award notice on our Foundation.

Yours faithfully,

R.J. FRASER
Chairman
Board of Governors
