WorldSkills 2003

Ladies and Gentlemen

Please find enclosed a copy of our offer to the Executive Board to organize the 2003 WorldSkills Competition in St. Gallen. We are concerned that the cancellation of the ordinary 2003 competition may cause a series of difficulties at both national and international level and that the alternative proposals may not be satisfactory. We are forwarding this offer because we realize that hardly any member would be able to organise a competition at such short notice unless the member can make use of its previous experience. Our 1997 Organising Committee has spontaneously offered to organize the 2003 competition, at a level comparable to all previous competitions, for the benefit of WorldSkills and especially for the promotion of young people.

We wish to make the appropriate preparations before the extraordinary General Assembly meeting and would thus appreciate your filling in the enclosed reply form. Please send it by fax to the Secretariat of the IVTO Swiss Foundation by 31 January 2001.

We are open to any suggestions and hope that our proposal meets with your approval.

Yours faithfully

Minister
