REPUBLIC OF IRELAND

Dear Mr Roche

WORK SKILLS OLYMPICS

I have been asked to write to you to forward the compliments of my Director and to seek information about the Work Skills Olympics. Mr Wood was pleased to meet with you last year and was interested in the mention of the WSO. We are now at a stage where we feel we should pursue the possibility of involving New Zealand in the contest but lack information about how to start.

If you could offer us advice in the matter we should be very pleased to hear from you. We shall also write to the Australian National Training Council to find out about their involvement.

I hope this request is not an imposition, if there is any way we can reciprocate with information of interest to you we shall be happy to comply.

Once again, with the very best wishes to the Director, we hope you will be able to respond.

Yours sincerely

F T Lambert (Ms)
for Director
