28th IVTC

From discussions which took place during Mr. Eda's recent visit, it appears that preparations for the 28th competition in Osaka are already in full swing. Mr. Eda will inform us accordingly during the coming September meetings.

The dates for the competition have now been set : 14th - 28th October, 1985; for competitors 20th - 28th October, 1985.

Our Japanese friends look forward to welcoming many observers and to a record number of competitors.
