EUROSKILLS LISBOA 2010 A live showcase of skills

LISBOA 2010

An opportunity

In 2010, Lisbon proudly welcomes the 2nd edition of the EuroSkills and hosts hundreds of competitors, experts and judges, representing 31 countries and 52 vocational skills.

The EuroSkills Lisboa 2010 is a unique opportunity to raise the image, quality and attractiveness of VET systems in Europe.

An opportunity to bring together different stakeholders in the VET field: leaders and policy makers, experts, trainers and teachers, schools and enterprises.

An opportunity to demonstrate, test, compare and update work and training methodologies; to strengthen partnerships and enhance common patterns within Europe.

An opportunity for a live showcase of skills and a way of promoting excellence and of recognizing the competencies of Europe's best trainees and trainers.
